

Information for Clients booked for Assessments

Assessments are booked for an entire day. You are welcome to take breaks as needed.

Your assessment will consist of an interview and some testing. If you need reading glasses, please bring them. If you are on medication, please be prepared to tell your psychologist what you are taking. For some assessments, it is necessary to bring someone who knows you well to participate in the initial interview. This provides additional information about how you are functioning. If this is necessary in your case, we will have informed you when we booked your appointment.

Assessments are normally carried out on the second floor, requiring climbing a flight of stairs. If you need accommodation, please contact us.

Because of the large block of time reserved for your assessment, and because the psychologist has to review your file prior to your appointment, any change or cancellation must be made two weeks before your appointment. Without this two-week notice, the time reserved must be charged.

Please call our Office, Manager, Shirley Gallant at (902) 492-2546 if you have additional questions or if your appointment will not work for you as scheduled.
